Follow the Construction and Materials Manual procedures(section 13.2.4) for acceptance of a pipe not on the approved list. Once a sample of a given pipe size from a manufacturer is tested and passes, the manufacturer and approved pipe size will appear on the list. 

Approval of pipe on this list is only valid for a three year period.
If the pipe manufacturer and size is on the above list and the pipe is stamped "AAHSTO M294" and shows no apparent damage , the pipe may be incorporated into the work.
