<p>X _____ (Applicant or Authorized Official of Firm)</p>				

GENERAL INSTRUCTIONS

72-hour trip permits are available for school buses. In lieu of obtaining permanent registration credentials, you may purchase a 72-hour charter school bus trip permit for intrastate operations only on Wisconsin highways. Each permit costs \$10.

Upon receipt of the proper remittance, the number of trip permits requested will be forwarded. Each permit must be either typed or printed legibly in ink with all required information completely filled out. Part 1 is to be carried in the school bus driver compartment and must be displayed to law enforcement officers upon request. Part 2 is to be retained by the carrier and Part 3 needs to be mailed to Wisconsin Department of Transportation, SB Permit Unit PO Box 7926, Madison, WI 53707-7926.

Each permit is valid for 72 hours from date of certification and is absolutely invalid if altered. Charter school bus trip permits are not transferable and can be used only by the carrier to whom the permit is issued.

No permit can be purchased or remain in force unless insurance is on file with this department in compliance with s.194.41 Wis. Stats.
